

REG-1 GC Toolkit: Empowering Your Compliance Strategy

The REG-1 General Counsel Toolkit is meticulously crafted to empower General Counsels with the essential tools for efficient legal oversight and risk management. This toolkit is engineered to boost efficiency, precision, and proactive risk mitigation, ensuring your organisation stays at the forefront in the dynamic legal arena.

About

Advanced Analytics

Enhance your legal oversight strategy with our state-of-the-art analytics. Specifically designed for comprehensive legal management, our tools proactively pinpoint and evaluate a broad spectrum of legal and compliance risks. Stay informed with predictive insights, ensuring your organisation consistently upholds all legal and regulatory standards.

Automated Reporting

Benefit from automated system. Effortlessly produce in-depth reports that address regulatory and legal requirements.

Customisable Alerts

Configure tailored alerts for potential legal and compliance issues, including matters pertaining to statutory and regulatory commitments. Our intelligent alert system zeroes in on significant risks, aiding you in effective legal and compliance management.

Regulatory Tracker

Keep updated with the latest regulations and guidelines. Our tracker provides instant updates on legislative changes, consultations and enforcement actions, aiding you in maintaining continuous compliance with a broad range of obligations.

Policy Management

Manage your organisation's policies effectively in real-time to align with changing legal frameworks. Our toolkit provides actionable insights for robust legal and compliance management, supporting the GC's role in fostering a culture of legal adherence and ensuring that the organisation and its personnel comply with their legal duties.

Enhanced Benefits:

Real-time Horizon Scanning

- Proactively identify and analyse legal and regulatory trends, risks, and opportunities with our horizon scanning tool.

Strategic reporting

- Develop effective reporting mechanisms to keep the executive team and board informed about legal matters.

Board Governance

- Facilitate and guide board operations, ensuring legal and ethical compliance in governance matters.

Compliance Monitoring

- Oversee the organisation's compliance with laws, regulations, and internal policies with our obligations monitoring dashboard.

Policy Oversight

- PolicyHub ensures that all company policies are up-to-date, legally compliant, and effectively communicated.
- Tied in with horizon scanning and our regulatory watch, know when there are urgent updates needed.

Legal Hold Management

- Implement and manage legal holds effectively to ensure the preservation of relevant documents and electronic information through Legal Hold Notices, Monitoring and Release Procedures, extensive audit trails.
